Or call or email Scott Meister, BIG Coordinator

843-953-9062 MeisterS@dnr.sc.gov

About the BIG Program:

Provides grant funding to construct, renovate, and maintain public tie-up Facilities for vessels 26' or greater in length. Eligible infrastructure include floating docks, fixed piers, breakwaters, fueling stations, and dockside utilities.

What you will learn:

The workshop will inform potential grant recipients of:

- Program goals
- Grantee eligibility
- Program deadlines
- Allowable projects

For additional info on BIG program:

Visit website at:

<http://www.dnr.sc.gov/marine/big/resources.html>

Directions:

From I-26, continue south onto US 17.

After 5 traffic lights, go straight at the fork in the road, then turn left at the next light onto Lockwood Blvd. Merge onto Route 30, then take Exit 2 at Harbor View Rd. Bear right onto Harbor View Rd, continue until it ends at Fort Johnson Rd. Turn left onto Fort Johnson Rd, continue through SCDNR gate. After 1/4 mile, the Marine Resource Division building will be the one story building with large glass windows on your left.
